

Designplan Lighting, Inc announces Urban Furniture products

Designplan Lighting, Inc brings a line of illuminated urban furniture to the North American market.

(Frenchtown, N.J. — February 14, 2019) Designplan Lighting, Inc, has announced availability of the Urban Furniture line of illuminated bollards, benches, bicycle racks, trash receptacles and more to the North American market. Designplan Lighting, Inc is the exclusive carrier for North America of this line by Italian company EWO Lighting.

Designplan Lighting, Inc., is a manufacturer of U.S. made fixtures and marketer of LED products from Italy, Belgium, the Czech Republic and Germany. The Urban Furniture line showcases the company's commitment to deliver the latest products from the European market to the North American market.

In 2009, Designplan Lighting started marketing outdoor products from Ares of Italy and Wibre of Germany. In 2010, they began marketing interior products from Brick in the Wall and TAL – both companies from Belgium.

In 2013, they began bringing LED products from Luce & Light of Italy and Halla of the Czech Republic. In 2017, they added Buzzi and Buzzi, Foibos, Antrox, Unonovesette and P.U.K. EWO lighting is the latest company that Designplan Lighting, Inc. has brought to the North American market. Find more information about the company on their website, www.designplan.com.
