

Targetti to introduce multiple new offerings for North American market during LEDucation.

Targetti will introduce a number of new product offerings that will be available in the North American market during 2019! A select few of the newest offerings can be seen during LEDucation's annual trade show in NYC in the **Grand Ballroom - Booth # GB1012**.

The latest product advancements to be showcased during LEDucation include the following:

CORO DBS / CLOUD DBS / CCTLED DBS / ZENO DBS - Targetti DBS enabled fixtures are fitted with an optical system that can dynamically vary the beam opening angle passing in a gradual manner from a more concentrated SPOT to a wider WIDE FLOOD, flowing fluidly through all the all points in between.

OZ – compact and innovative 48V Track Lighting System

MR. BO – a contemporary bollard with a technically advanced design that delivers four different beam options in one modern design.

ZEDGE BOLLARD - provide the ultimate in design flexibility and ease of installation. Available in three popular heights and three optical solutions in one product.

ZEDGE LINE – A compact linear LED luminaire with the versatility to be installed in both indoor and outdoor applications. Available in three color temperatures and a choice of power supplies.

DURALAMP PROFILES – Duralamp offers a full new line of linear profiles for their popular line of LED tape products from compact, slim, surface, adjustable, recessed, walk over, plaster in, decorative suspension profiles and a wall profile with double emission.

DURAFLEX ARCHITECTURAL - Energy efficient flexible LED light with a flat lens for continuous consistent color in applications

DECOLED Lamp - Duralamp is proud to offer a new Retro style lamp with a Mirror Bottom G95 to its popular DecoLED retro filament style LED lamp family.

DURATAPE – The popular line of DuraTape products have been extended to include multiple outputs, spacing and color temperatures including DuraTape ES in High Density, Extra Long 48V, Extra Narrow and the addition of 1.5W and RGB Slim.

Targetti is proudly represented by the Pyramid Lighting Group in NYC.
