

LEDucation Exhibitors,

Due to the recent cancelation of all March conventions in the New York area the contracted advance warehouse for LEDucation has received hundreds of requests for freight pickups not only for LEDucation but also other events and shows. The facility was not designed to handle this type of volume and it will result in delayed pickup times and increased costs for exhibitors. To avoid increasing pickup fees and additional delays AEX, at its own cost, has scheduled to pickup the freight and bring it to our warehouse. This process will begin on Tuesday, March 17th and will be completed on Friday, March 20th.

Freight will be available for pickup on Monday, March 23rd and Tuesday March 24th at the address listed below between the hours of 8am – 3pm.

AEX Convention Services
3093 English Creek Ave
Egg Harbor Twp., NJ 08234

Please send your revised bill of lading(s) to Mike@aexservices.com and Clockwood@aexservices.com.

Note: The additional cost of transferring the freight will be paid solely by AEX. The fee to have your freight picked up will remain unchanged.

We appreciate your patience and understanding as we navigate these difficult times and challenges. If you have any questions or concerns please contact us at the email addresses above or by phone (609) 272-1600.
