

LEducation Exhibitors,

As you are aware LEducation has been rescheduled for March of 2022 due to the continuing impact surrounding COVID-19. All orders, shipments etc. will be transferred to the 2022 dates and remain at the same price, therefore avoiding any increases and saving you 7-10% off the estimated 2022 prices.

If you have already picked up your freight:

If you have already picked up your freight from our facility your weight credit will apply to the 2022 dates. Nothing needs to be done by you, we will automatically transfer those for you. As a reminder, this is how those credits were calculated.

Freight picked up will receive an equal, nonrefundable weight credit for LEducation 2022. For example 1,000 lbs. is picked up, a credit of up to 1,000 lbs. will be applied to your 2022 invoice. If you ship in 1,000 lbs. or less you will have no material handling costs. Weight in excess of the credit will be invoiced at then applicable rates.

If you have freight in storage with us:

AEX will continue to offer storage and delivery to the next show at no additional cost to you. If you would like to have your freight picked up please see below.

- Notify us via email (Mike@aexservices.com and Clockwood@aexservices.com) that you want to have your freight picked up
- Email us your completed Bill of Lading (BOL). If you need a generic BOL we can send one to you. A completed BOL is required for the warehouse to release freight to your carrier.
- We will coordinate with you on an agreed upon date for pickup. This is necessary as our warehouse currently has minimal staff.
- Arrange with your carrier to pick up.
- A \$300 pickup fee for the first 500lbs and \$14 cwt thereafter will be added to your account. For example: 500lbs and under is \$300. If you have 800lbs the fees are $\$300 + \$14 \times 3 = \$342$
- Invoices must be paid in full before prior to freight being released for pickup
- Pick up address:

AEX Convention Services
3093 English Creek Ave
Egg Harbor Twp., NJ 08234

If you have any question please contact us via email or phone (609) 272-1600.
