

## Designers Lighting Forum

The Impact of a Pandemic on Design

Dorothy Underwood, Stacey Bello,  
Shawn Fernandez, & Matt Emmi

*3/7/2023*

Credit(s) earned on completion of this course will be reported to **AIA CES** for AIA members. Certificates of Completion for both AIA members and non-AIA members are available upon request.

This course is registered with **AIA CES** for continuing professional education. As such, it does not include content that may be deemed or construed to be an approval or endorsement by the AIA of any

material of construction or any method or manner of handling, using, distributing, or dealing in any material or product.

---

Questions related to specific materials, methods, and services will be addressed at the conclusion of this presentation.

# Learning Objectives

---

At the end of this course, participants will be able to:

1. Analyze the new programmatic needs of buildings created by the experience of living through a pandemic
2. Identify the ways in which physical, emotional, and social human health can be supported through design
3. Investigate the ways in which advancing technology can be utilized to support these new design goals
4. Discuss the longevity of the various ways the experience of the pandemic has influenced design

# Panelists

---

**Dorothy Underwood**  
Senior Associate  
KGM Architectural Lighting

(Moderator)

**Shawn Fernandez**  
Product Manager,  
Architectural Controls  
ETC

**Stacey Bello**
